ISSUES RELATED TO PAYMENT FAILURE

When a payment fails while paying the application fees, there could be two possibilities.

1. **Your amount is NOT debited**

In this case, you might receive a message from your bank that the payment could not be processed. You will also see the payment failure screen.

2. **Your amount is debited**

In this case, you will be left wondering why you did not see any kind of notification. You can send an email to the payments platform and check the status of that payment.

Reason(s) for Payment Failure:
